101	23001810004	DOSER MICRO SWITCH	NR	1
102	23001800004	DOSER	NR	1
103	23003611001	TEFLON TUBE (4X2)	MT	1
104	24020032017	STRAIGHT FITTING (1/8"-4X2)	NR	1
105	23001900004	PRESSER	NR	1
106	23001910000	O-RING PISTON (4118)	NR	5
106	23001910015	DRUGS EJECTOR SEAL	NR	1
107	23001900005	COFFEE FILTER	NR	1
108	23001900006	LOWER FILTER HOLDER	NR	1
109	70.1640.04.010	WASTED COFFEE CONVEYOR	NR	1

## The General Vending NZ Ltd Adimac Service

Adimac machines are manufactured to the highest standards, using reliable components. However we must anticipate the occasional failure and so we provide a range of services to help you get your Adimac machine up and running with the minimum delay. We provide the following services:

1. Spare parts provision
2. Free telephone 0800 111 820 or e-mail after sales support

All the major parts of our vending machines are guaranteed against failure resulting from faulty manufacture.

### Spare Parts Provision

Spare parts service during the warranty period.

1. First we would ask you to identify the faulty part from the list and exploded diagrams.
2. Then send us the Spare Parts request with the faulty part at your expenses.
3. We need to know the serial number of the machine together with the code number, position number and description of the component you need. These are all shown in the Spare Parts List.
4. Our technician will check the part so that we can understand the reason for failure.
5. If the part has failed due to manufacturing defect or incorrect installation and has not failed due to any of the reasons listed below, we will send you, at our expenses, one or more parts to replace the parts you had returned.
6. If the part has failed due to any of the reasons listed below, we will send you advice regarding the cost to replace or to repair the spare part plus delivery costs.
7. Replacement parts are excluded from the free service if failure is caused by any of the following:
  - a. Incorrect installation, not in accordance with handbook recommendations
  - b. Operator Misuse
  - c. Accidental or Malicious damage
  - d. Failure to comply with routine operational maintenance tasks (daily/weekly or monthly) in accordance with the Handbook and instructions supplied with each machine.
  - e. Damage due to hard water/scaling where no anti-scale filter is fitted.
  - f. Damage due to a fluctuation of the power supply greater than the normal value or as a result of electrical storms in the area of installation (Power surge protector should be installed)
  - g. Wrong or faulty products used as fresh or soluble ingredients e.g. contaminated coffee beans, instant coffee put into bean hopper, contaminated milk powder/whitener/chocolate etc;

### Freephone 0800 111 820 \* Website \* E-mail support

As the owner of an Adimac vending machine, you or your technicians are free to write/call us during normal office hours to discuss a technical matter. You will be able to speak directly to one of our technicians who will be able to help you. This service is available at no cost to you even if the machine's warranty period has expired.

### Important - Please Note

**Any Standard or Extended warranty on any machine will be invalidated in case of delay or non payment of any rental or HP charges owing on the machine**
